

We are looking for a

Student Assistant (m/f/d)

Requirements

You should fulfil the following criteria:

- At least in the 5.-6. Semester of your Bachelor studies in mathematics **or** in your master studies.
- Experienced with LaTeX.
- Good written English.

Responsibilities

We are looking for a student who helps us with transferring hand-written proofs for the lecture in Quantitative Risk Management into a LaTeX-template. The working time is highly flexible. Employment starts as soon as possible upon consultation; the task needs to be completed until April.

Application

We are happy to receive your application (letter of interest, curriculum vitae, and grades from current studies) via Email to Bettina Haas, bettina.haas@tum.de

If you apply for a position at the Technical University of Munich (TUM) you transfer personal information. Please recognise the privacy policy in line with *Art 13 Datenschutz-Grundverordnung DSGVO* for the usage of personal information in the application process <http://go.tum.de/554159>. With the application, you acknowledge the TUM privacy policy.
